

Everton Swimming Association

We are looking for additional volunteer teachers/coaches to supplement our existing team at Everton Swimming Association (ESA). We have been in existence for over 150 years and we have [Swim21](#) accreditation. On average our membership runs at approximately 200 per year across all our groups/squads.

ESA operates on a not for profit basis training in 3 major venues St Edwards College, Knowsley Sports Centre and Wavertree Aquatic Centre all of which we have strong relationships with their staff and management teams. Our training structure starts with Learn-to-Swim, Groups 1 through to 4, Bee Squad, Inter A and A Squads.

Our goal is to develop our younger members to progress to competitive swimming. The majority of our competitive swimmers are in Bee Squad (juniors) and Inter A Squad (youth) coached by our Head Coach Tony Pickstock. We have a strong group of swimmers who represent ESA and compete in the Arena League, Merseyside and Districts Junior League team events, Micro League and Echo Cup.

Over the past 10 years we have had great results in gaining promotion and competing in the annual finals. This success has been down to the dedication of our coaches and the outstanding swimmers we have nurtured over the years.

We are now looking to supplement our existing teaching/coaching teams with likewise dedicated individuals who would contribute to our ongoing success.

Whilst we do not offer formal employment, we support the development and progression of individuals to achieve the highest training levels possible. Along with CPD's and any other requirements, set by the ASA.

We are looking at recruiting teachers/coaches across all of our groups. If you are interested and wish to discuss the opportunity to get on board with us, you can do this by contacting our Head Coach Tony Pickstock.

You can contact him directly or organise a visit to watch us train on poolside. We sincerely hope we can offer you progression in developing your skill set.

For additional information about the club visit our website; note we operate in both the Liverpool and Knowsley areas.

Tom Rock

Chair
